### *Terms and Conditions of Use*

PLEASE NOTE: Printing access is not available via the wireless connection

- FBC Plano assumes no responsibility for laptop configurations, security or changes to data files resulting from connection to the network and cannot guarantee that a user's hardware will work with the wireless connection.
- If a user has problems accessing the Internet over these connections, users should refer to their owner's manuals or other support services offered by their device manufacturer.
- FBC Plano has tried to ensure wireless access is available throughout its public facility areas. However, users may encounter occasional "dead spots" where wireless reception may be limited or too many users are attempting to access from a particular access point. If you have trouble accessing the Internet or staying online, please move to a different location within the facility.

#### *Security Considerations*

Wireless access is by nature an insecure medium. As with most public wireless networks, any information being sent or received over the wireless network could potentially be intercepted by another wireless user. Cautious and informed wireless users should not transmit their credit card information, passwords and any other sensitive personal information while using any wireless "hot spot".

Anyone using the wireless network provided by FBC Plano is forewarned that there can be no expectation of privacy when using the wireless network, whether accessed from an external or internal site. Users assume all associated risks and agree to hold harmless FBC Plano and its employees for any personal information (e.g. credit card) that is compromised, or for any damage caused to users' hardware or software due to electric surges, security issues or consequences caused by viruses or hacking. All wireless access users should have up-to-date virus protection on their personal laptop computers or wireless devices.
